

Delegation from IIT-Bhubaneswar visits educational institutions in Singapore

STATESMAN NEWS SERVICE
BHUBANESWAR, 18 NOVEMBER:

IIT-Bhubaneswar led by its director Prof RV Raja Kumar and deans of the institute visited Singapore to establish connectivity with the reputed institutions there.

The delegation visited two globally famous and well recognized universities with highest ranking – Nanyang Technological University (NTU) and National University of Singapore (NUS) and also highly acclaimed research Institutions under A*STAR. The educationists will study features of various institutional machinery such as faculty hiring and recruitment procedures, basic infrastructure,

teaching programs and research environment prevailing in those Institution. Director Prof. RV Raja Kumar had a meeting with NTU President Prof. Subra Suresh, to discuss and establish highly interactive relations between the two Institutions. Also, the

delegation had detailed discussions with associate vice president (strategy & partnerships), Prof. Subhodh Mhaisalkar and NTU-India connect global director, Prof. B.V.R. Chowdhury to establish long term coordination in the areas of education and

research. Further, the director of IIT Bhubaneswar made presentations at both NTU and NUS on the prospects of faculty recruitment and the growth factors at the institution to a large number of students pursuing Ph. D. and Postdoctoral career that would give an opportunity to the prospective candidates to begin career at IIT Bhubaneswar to have their signature in their respective future career growth.

The delegation visited various research laboratories, such as Microelectronics, 3D-printing Facility, school of Computing, departments of Electrical and Civil engineering, department of Chemistry and others.
