

IIT Bhubaneswar begins new educational yr via on-line mode

August 30, 2020

Indian Institute of Technology Bhubaneswar has commenced lessons for the brand new educational yr via on-line mode for its on-roll college students in addition to the brand new postgraduate college students (MTech, MSc and PhD college students) amidst Covid-19 pandemic.

All the lessons are actually being performed by stay streaming with out the bodily presence of scholars within the campus, the institute mentioned in a press release.

“That is, the present semester has started almost on time, with only a delay of three weeks compared to the normal or non-pandemic situation. The students will be brought to the campus through an SOP as the situation improves and permits,” it mentioned.

Speaking on the event, its Director Prof R V Raja Kumar mentioned, “We could start the new academic year on time and we are now left with the only challenge of commencing the classes for fresh and 2020-21 batch of B Tech students.” Noting that JEE Mains and JEE (Advanced) examinations are scheduled for September, he mentioned the institute will have the ability to admit the scholars, and start their lessons after a few months and save the tutorial yr of the B Tech freshers.

“It is certainly feasible to cope up with the pandemic and reduce the risks by being conscious and by taking the precautions to give right opportunities for our youth,” the director mentioned.

On the effectiveness of the web mode of schooling, Prof Kumar mentioned, “the pandemic pressured us to start out the brand new educational yr via on-line mode. It has some drawbacks and a few benefits too. Our endeavour needs to be to reduce the disadvantages and capitalize on the benefits.

“At IIT Bhubaneswar I’ve personally addressed the school and suggested them to do efficient on-line educating, preserve the ‘connect’ and interplay by adopting one of the best practices, personal progressive practices and a few experimentation, within the on-line mode. Right downside fixing assignments with suggestions to college students which might be performed on-line is vital for participatory studying.” The hands-on for the laboratory half shall be performed as soon as the scholars return to the campus. But some concurrent on-line laboratory coaching too shall be offered now itself alongside the speculation lessons, in order that their studying shouldn’t be affected because of the delayed laboratory apply, he mentioned.

Learning is a vital part of schooling and subsequently the function of a scholar, the principle stakeholder is essential for the success of the endeavour, the director mentioned.

A scholar ought to pay attention to it that one needs to be entrepreneurial in arranging a tool and connectivity and in addition put the additional effort in making one's studying from the web schooling efficient. The society can hope for this at present juncture from the scholars of upper schooling, he mentioned.

Dr Pravas R Sahu, Dean (Academic) mentioned IIT Bhubaneswar accomplished its schooling of the final educational yr with none compromises and well timed by stay streaming of lessons, conducting remaining laboratory lessons and thesis work by on-line means, conducting typical examinations by creating and adopting a novel and really progressive on-line technique for all of its college students, regardless of the Covid-19 pandemic.
