New Delhi :

IIT Bhubaneswar students who graduated in July have been placed successfully through an "innovative on-line mechanism". The final year students of batch 2019-2020 are now preparing for the upcoming placement session of the institute scheduled from October 31, 2020 online. An IIT Bhubaneswar statement issued said: "Amidst doubts expressed all around about the effect of placements for engineering students during 2020-21, the first flush of pre-placement offers (PPOs) now being handed out at IIT Bhubaneswar are pointing to a very encouraging placement season ahead, this year."

Pre-placement Offers based on Performance –

Companies make pre-placement offers based on performance of candidates who have interned with them. Many companies including Microsoft, DeShaw, Goldman Sachs and GEP Solutions use PPO more, as it helps them select candidates better, over longer periods of time and in real work situations.

Professor RV Raja Kumar, Director, IIT Bhubaneswar in a statement said: "The premier institute has seen a surge in PPOs this year with the offers received already equalling last year's total offers and is sure to surpass."

Pandemic Situation Across the Globe –

An IIT Bhubaneswar statement said "Companies use PPOs to get an early advantage in the war for talent at the placement season on campuses. The companies can come again for campus placements to hire more. The shift of the campus placements to the virtual mode will be the trend making it more safe and convenient and is sure to be promising despite of the ecosystem facing economic crisis owing to the ongoing pandemic situation across the globe.
