

IIT Bhubaneswar: Encouraging pre-placement offers despite COVID-19 impact

Companies including Microsoft, DeShaw, Goldman Sachs, GEP Solutions etc., made the PPOs based on the performance of the candidates who have interned with them.

The first drive of pre-placement offers (PPOs) being offered to the engineering students of the Indian Institute of Technology (IIT), Bhubaneswar, came as an encouragement amid the dubiety regarding the placement session for the current year in the middle of the COVID-19 pandemic. Companies including Microsoft, DeShaw, Goldman Sachs, GEP Solutions etc., made the PPOs on the basis of the performance of the candidates who have interned with them.

As per the statement released, the institute mentioned that the offers that are handed out to the students, point towards a very encouraging placement session ahead.

The director of IIT, Bhubaneswar stated, “The premier institute has seen a surge in PPOs this year with the offers received already equalling last year’s total offers and is sure to surpass.”

The statement added that the highest offer of Rs. 43 lakhs per annum has already been made so far. The upcoming placement session via online mode is scheduled from October 31.

“The shift towards the virtual mode of hiring by organizations for the campus placements is sure to create a new trend of the hiring process,” added Dr. A K Pradhan, Professor-in-charge, Career Development Cell, IIT, Bhubaneswar
