Bhubaneswar: To ensure that students graduate on time, IIT Bhubaneswar Senate has decided to conduct the final semester examination via online mode.

The Senate has decided to conduct the end-semester examination to uphold the traditions of the institute and let students graduate without compromising on the standard of evaluation.

Two alternative examinations have been scheduled to ensure that students do not miss out appearing for the end-semester exams due to lack of improper online facilities at home like internet connection etc.

The first exam will begin on June 24 and the second (alternative) one has been scheduled for end of July or first week of August for those who miss out on the June papers for any reason.

If the coronavirus pandemic situation in the country improves, students can also opt for answering the papers from the IIT campus.
