New Delhi (New York): The placement at the Indian Institute of Technology (IIT) Bhubaneswar in the 2021-22 academic year has shown a record-breaking rise. In the first three days, more than 55% of BTech students were admitted, and of those, 85% were CSE, BTech students. According to an IIT Bhubaneswar statement, the median wage has increased by 50% to 24 LPA from last year, up from 16 LPA. This is the first time an such large number of undergraduates were offered scholarships in three days of the new season.

Shaw, GE, Ring Central, and Future First. According to the paper, the bulk of recruiters are IT & Start-Ups, indicating a rise in niche sectors. In a statement, Professor RV Raja Kumar, Director of IIT Bhubaneswar, said: Better placements in the last year have indicated an optimistic career outlook, despite fears that the new form of virus Omicron might surface and threaten the global business economy. The Institute is currently accepting over 80% of our students on the campus, and it is operating in physical mode for all students on the campus as well as in virtual mode for those who are currently away and are supposed to arrive in the campus shortly, according to the Director.
