

Placement season at IIT Bhubaneswar to begin from Oct 31 – Times of India

By [Sahil](#)

BHUBANESWAR: The final year students are all geared up for the upcoming placement season at IIT Bhubaneswar which is scheduled to begin from October 31. Placement interviews will be conducted via online mode owing to the Covid-19 restrictions.

“Amid doubts expressed all around about the the fate of placements for engineering students during 2020-21, the IIT Bhubaneswar students have started getting pre-placement offers (PPOs) which shows an encouraging placement season ahead this year,” said the official sources.

RV Raja Kumar, IIT Bhubaneswar director, said the institute has seen a surge

in PPOs this year with the offers received already equalling last year’s total offers and is sure to surpass. Not a single company has cancelled their job offers issued to the students this year, he added.

The shift towards the virtual mode of hiring by organizations for the campus placements is sure to create a new trend of hiring process. Companies use PPOs to get an early advantage in the war for talent at the placement season in campuses.
