Bhubaneswar: Notwithstanding the doubts and apprehensions expressed about the effect of COVID-19 and new variants on placements, IIT Bhubaneswar showed a record rising trend.

In the first three days of 2021-22 placement season, more than 55% B.Tech undergraduate students have already got good offers, of whom 85% are from Computer Science stream.

Never before have such large number of undergraduates received offers within just 3 days of a placement season.
