### **IIT BHUBANESWAR TO PARTNER WITH JAPANESE ORGANISATION**

Indian Institutes of Technology (IIT) Bhubaneswar is going to partner with the Association for Overseas Technical Co-operation and Sustainable Partnerships (AOTS), Japan. The AOTS is a Japanese government organisation for human resources development to promote technical co-operation.

An MOU will be signed soon to officially start the project works. The partnership will have a strong focus towards professional development of students, the creation of multiple academic and business opportunities, including events to promote education, internships and employment for students.
