

Nat'l Frontiers of Engg meet held at IIT BBS

Sunday, 02 June 2019 | PNS | BHUBANESWAR

The Indian National Academy of Engineering (INAE) in association with the Indian Institute of Technology (IIT) Bhubaneswar organised the two-day 13th National Frontiers of Engineering Symposium at the IIT Bhubaneswar campus here from Friday.

INAE President Dr Sanak Mishra, IIT Bhubaneswar Director Prof RV Raja Kumar and INAE VP Prof Indranil Manna attended as guests in the programme which aims to bring together young and engineering professionals to deliberate upon emerging research and development work.

Dr Mishra emphasised on research and development and role of INAE in the nation building.

He also ascertained that themes were well chosen as they are in line with the NITI Aayog's current projection of areas of national interest.

Prof Raja Kumar emphasised the need for cross-disciplinary research and development to fulfil the needs of industry, touched upon the grand science and technology challenges facing the nation and the world at large.

He gave focus on energy efficient systems which help to reduce the carbon footprint, paving the way for environment restoration and energy saving.
