

A One-day Workshop on “Patent Writing”

A one-day interactive workshop on “**Patent Writing**” was organized by the Design Innovation Centre (DIC) at IIT Bhubaneswar for two separate batches (one for Masters and Doctoral students and another for Undergraduate students) on 13th and 14th February, 2016 in the Institute Auditorium. Mr. Prashant Patankar, founder and Proprietor of NOVO IP, Pune, was invited for conducting the workshop. Mr. Patankar’s company provides consultancy for all forms of intellectual property rights. His firm has deep strength in diverse technical fields including Mechanical, Pharmaceuticals, Polymer, Life Sciences, Electronics, Telecom, IT, Medical Devices, Agriculture, Power Sector, Textile and Material technology. More than Fifty students from various schools of the Institute participated in the event. In the workshop, the student participants were exposed to various aspects of intellectual property rights and received first-hand training on writing and filing patent applications. Certificate of participation were given to all the students who participated in the workshop.

Some striking moments...
