**Bhubaneswar:** Those from the state who have made it to the various IITs can now get their documents checked at the Indian Institute of Technology (IIT), Bhubaneswar. The institute will conduct the verification process for successful candidates between June 28 and July 2.

So in case a student has got admission in IIT Madras or IIT Delhi, she/he can get the documents verified at IIT Bhubaneswar. And once the documents are verified, students won't need to get them checked again at the time of admission at the respective IITs.

"There is a directive of the JEE Council to conduct

### MAKING ADMISSION EASY

▶ Student who have secured seats in different IITs can verify their documents at IIT Bhubaneswar

▶ They don't have to verify their documents again at the institute

▶ After the verification is over, students of IITBBS can attend the orientation programme on July 25

▶ Parents can also take part in the orientation programme

▶ Students will get to know about their teachers during the programme. Counsellors will discuss with the students and inform them about the institute's anti-ragging policy

document verification at any IITs in the country. So we are doing it like other IITs," said Debaraj Rath, registrar of IIT Bhubaneswar.

"Students will need to report to the institute between 9 am and 5 pm during these days to get their educational certificates and other documents checked," Rath added.

IIT Bhubaneswar has 360 undergraduate seats. "But we are not conducting docu-

ment verification for our students only. Even students who have got seats in others IITs can come to our institute for that purpose," he said.

Rath also said IIT Bhubaneswar will conduct the orientation programme on July 25. "Parents can also take part in the programme. We will interact with our students and make them comfortable before they join the institute," he added.

During interaction, students will also get to know about their teachers, the registrar said. "Student counsellors will discuss with the students and inform them about the anti-ragging policy of the institute. During the open house day, the students can explore various departments, see the facilities and interact with IIT faculty.

"The students will also get a chance to visit different departments and buildings in the campus to feel its uniqueness," Rath said.

The institute had conducted an Open House on June 17 for JEE Advanced rank holders and students preparing for JEE examinations to clear their doubts over career choice and studying in IIT.

Prospective students and their parents had participated in the live interaction session and asked questions regarding IITs. Special counselling had been planned for prospective female candidates as well.
