Students with Disabilities at Higher Educational Institutes

India accounts for over 26 million persons with Disabilities in India (21% of country's population). Of the same 44.97% is in the age group of 0-29, which counts for a huge section of the disabled population in the age group that access education services according to Census of India, 2011.

We have observed that Educational institutes in our country don't know how to support students with disabilities despite best intentions. This has led to several universities closed off to this community or students dropping out once enrolled due to lack of support.

Whilst there has been growing legal mandate in India for Inclusive Education through various legislations, access to equal and quality education and access to all streams of education remains the real challenge. This challenge is even more acute at Higher Education. Whilst the Rights of Persons with Disabilities Act, 2016 in India mandates a 5% reservation for students with disabilities due to lack of awareness towards persons with disabilities and sensitization, financial resources and also skilled manpower institutes of Higher Education are often at a loss in delivering inclusive education services to students enrolled.

Existing disability offices are understaffed and overwhelmed as the No. of people with disabilities is increasing due to increased awareness around invisible disabilities. This has created a big gap between people with disabilities and employers. Only 16% of people with disabilities are employed in India despite several incentives from the Government to hire people with disabilities and several disability-specific hiring programs. Thus, to understand this challenge better at your institute; I would like to request information for the following:

1. How many students with disabilities have enrolled in your institution since 2011-2019. (Please provide year wise data).
2. What are the process(es) does your institute use for identifying the number of people with disabilities.
3. How many students with disabilities have graduated every year from 2011-2019.
4. Please provide the number of students with different disabilities in your institute from 2011-2019.
5. How do you provide support to students with disabilities e.g. providing extra time to write their exams, allowing them to use a scribe to write their exams ETC.
6. Do you have a disability office or a similar setting to provide support to students with disabilities.
7. What are the list of services that this support system provides to students with disabilities.
8. If there is no support system like a disability office, what systems do you have to support students with disabilities.
9. What is the registration process for students to receive these services.
10. How many students are registered with this support system e.g. disability office.

P 70

11. What is the cost incurred by your institution to support students with disabilities?
12. Of this cost, what portion of it is spent on acquiring software specific to a student's access needs e.g. screen reader licenses.
13. Of this cost, what portion of it is spent to acquire software for accessibility services to be offered e.g. licenses to convert text.
14. What support services do you have to support student employees with disabilities e.g. teaching and research assistants.

To,

The Directors,
All Centrally Funded Technical Institutions.

Sub:- Revision of pay of Faculty and Scientific/Design Staff in Centrally Funded Technical Institutions (CFTIs) following the pay revision of the Central Government employees on the recommendation of 7th Central Pay Commission (7th CPC).

Sir,

I am directed to say that the Government of India have decided, after taking into consideration the recommendations made by the Pay Review Committee, to revise the Pay of Faculty and Scientific/Design Staff of Centrally Funded Technical Institutions following the pay revision of the Central Government employees on the recommendation of 7th Central Pay Commission(CPC). The revised pay and other service conditions as approved by the Government of India for the Faculty and Scientific/Design Staff in Centrally Funded Technical Institutions (CFTIs) are as under: -

1. **For Indian Institutes of Technology (IITs), Indian Institute of Science (IISc.), Bangalore, Indian Institutes of Management (IIMs), National Institute of Industrial Engineering (NITIE), Mumbai and Indian Institutes of Science Education & Research(IISERs), National Institutes of Technology (NITs) and Indian Institutes of Information Technology (IIITs).**
 - (a) The pay fitment in respect of the Faculty would be as per fitment table at Annexure-I.
 - (b) The nomenclature of Assistant Professors (Contractual) is changed into Assistant Professor Grade-II (Presently in AGP 6,000 and AGP 7,000) and Assistant Professor Grade - I (Presently in AGP 8,000 and AGP 9,000). There shall be no change in the terms and conditions of appointment, or nature of appointment as done earlier as per MHRD letter no. 23-01/2008-TS-II dated 18.08.2009 read with 16.09.2009. Institutes should put in place a process for discontinuation of non-performers. The initial pay for Assistant Prof. Grade -II (level 10) be mapped to cell no. 8 of the Annexure-I i.e. Rs. 70,900 instead of the 7 non-compounded increments.
 - (c) The pay of Directors of IITs/IIMs/IISc/IISERs/NITIE whose pay scale in 6th CPC was Rs. 80,000 (fixed) shall only be fixed at level 17 (i.e. Rs. 2,25,000/-fixed) and pay in respect of all other Directors who were in the existing pay scales of Rs. 75,000 + Rs.5000 (Special Allowance) shall be fixed at Rs 2,10,000/- (fixed). However, the

present Special Allowance of Rs.5000/- shall continue till a final decision is taken on revision of Special Allowance after consultation with the Ministry of Finance.

2. **For SPA, SLIET & NERIST:-**

- (i) The pay fitment in respect of the Faculty would be as per fitment table at **Annexure-II**.
- (ii) The pay in respect of all Directors who were in the existing pay scales of Rs. 75,000 + Rs.5000 (Special Allowance) shall be fixed at Rs 2,10,000/- (fixed). However, the present Special Allowance of Rs.5000/- shall continue till a final decision is taken on revision of Special Allowance after consultation with the Ministry of Finance.

3. **For CIT, GKCIET, NIFFT & NITTTR :-**

- (i) For Academic posts other than those contained in **Annexure-II** of this order, they shall follow AICTE Pay Revision orders.
- (ii) For Directors, the **Annexure-II** above shall apply as per 2(ii) above.

4. **Pay Fixation Method.**

The revised pay structure for different categories of Faculty is based on the following:

- a) The Pay Fixation formula followed in the 7th CPC for Central Government is being followed in the academic pay structure too, moving from the concept of Pay Band and Academic Grade Pay to that of Academic Levels and Cells.
- b) The first academic level (corresponding to AGP of Rs.6000) is numbered as academic level 10. Similarly, the other academic levels are 11, 12, 13A1, 13A2, 14, 14A and 15.
- c) Each cell in an academic level is 3% higher than the previous cell in that level.
- d) The Index of Rationalisation (IOR) is 2.67 for AGP less than Rs.10,000 and 2.72 for the AGP of Rs.10,000 and above.
- e) The entry pay for each level is as follows:

Level	Academic Grade Pay (Rs.)	Entry Pay (Rs.)
10	6,000	21,600
11	7,000	25,790
12 (Annx.-I)	8,000	38,000
12 (Annx.-II)	8,000	29,900
13A1	9,000	49,200
13A2 (Annx.-I)	9,500	52,300
14	10,000	53,000
14A (Annx.-I)	10,500	58,500
15	-	67,000

The Pay Matrix based on the above propositions on Academic Levels, Cells and Entry Pay is at Annexure I & II.

- (f) For fixation of pay of an employee in the Pay Matrix as on 1st January, 2016, the existing pay (Pay in Pay Band plus Academic Grade Pay) in the pre-revised structure as on 31st December, 2015 shall be multiplied by a factor of 2.57. The figure so arrived at is to be located in the Academic Level corresponding to employee's Pay Band and Academic Grade Pay in the new Pay Matrix. If a Cell identical with the figure so arrived at is available in the appropriate Academic Level, that Cell shall be the revised pay; otherwise the next higher cell in that Academic Level shall be the revised pay of the employee. If the figure arrived at in this manner is less than the first cell in that Academic Level, then the pay shall be fixed at the first cell of that Academic Level.

If a situation arises where more than two stages are bunched together, one additional increment equal to 3% may be given for every two stages bunched, and pay fixed in the subsequent cell in the pay matrix.

5. Increment

- (i) The annual increment is given in the Pay Matrix at 3%, with each cell being higher by 3% over the previous cell in the same level, rounded off to nearest 100. The annual increments to each employee would move up in the same academic level, with an employee moving from the existing cell in the academic level to the immediate next cell in the same academic level.
- (ii) There shall be two dates for grant of increment namely, 1st January and 1st July of every year, instead of existing date of 1st July, provided that an employee shall be entitled to only one annual increment on either one of these two dates depending on the date of appointment, promotion or grant of financial up-gradation.

6. Promotion

When an individual gets a promotion, his new pay on promotion would be fixed in the Pay Matrix as follows:

On promotion, he would be given a notional increment in his existing Academic Level of Pay, by moving him to the next higher cell at that level. The pay shown in this cell would now be located in the new Academic level corresponding to the post to which he has been promoted. If a cell identical with that pay is available in the new level, that cell shall be the new pay; otherwise the next higher cell in that level shall be the new pay of the employee. If the pay arrived at in this manner is less than the first cell in the new level, then the pay shall be fixed at the first cell of that level.

7. Allowances

The decision on allowances of faculty of CFTIs will be taken after consultation with the Ministry of Finance. Till a final decision on Allowances is taken, all allowances will continue to be paid at existing pay structure, as if the pay had not been revised with effect from 01.01.2016.

8. Superannuation and Re-employment

The existing provisions on superannuation and re-employment of faculty shall continue as per extant provisions.

9. Scientific/Design Staff:-

The revised pay of Scientific/Design Staff shall be mapped into the normal replacement pay of 7th CPC.

10. Date of implementation of revised pay and allowance and payment of arrears:

- (i) The revised Pay and revised rates of Dearness Allowance shall be with effect from 01.01.2016.
- (ii) Payment of arrears shall be made during the current financial year 2017-18, after deduction of income tax as admissible.
- (iii) An undertaking shall be taken from every beneficiary to the effect that any excess payment made on account of incorrect fixation of pay in the revised Pay Level or grant of inappropriate Pay Level and Pay Cells or any other excess payment made shall be adjusted against the future payments due or otherwise to the beneficiary in the same manner as provided in Ministry of Finance (Department of Expenditure) O.M. No.1-5/2016-IC dated 29th July, 2016.
- (iv) The revised pay in the relevant Level and Cell together with the applicable allowances including arrears of salary as mentioned above shall be paid to all eligible faculty.

11. The above revision is in line with the guidelines issued by the Ministry of Finance (Department of Expenditure) vide O.M. No.1-5/2016-IC dated 29th July, 2016.

12. All other provisions/conditions not mentioned in this order shall continue to apply as per MHRD letter no. 23-1/2008-TS-II dated 18.08.2009 read with 16.09.2009.

13. Anomalies, if any, in the implementation of this order may be brought to the notice of the Department of Higher Education, Ministry of Human Resource Development, for clarification/ decision of the Central Government.

Dear Sir, Dr. Patasani Ji

This is in reference to your reminder letter for engagement of Shri Sundaray in the Institute in the R.A. Scheme. With due respect, this may be brought to your kind notice that the Institute has clarified its stand vide our letter referred at Sl. No.4 above. However, I am directed to bring the following facts to your kind notice on the subject matter to appraise you the stand and limitations of the Institute.

1. Shri D. Sundaray was engaged by an outsourced agency during 2012 to provide service on multitasking job in the Institute considering being a local unemployed youth along with few others, when the Institute was running from multiple places in the city. But after being shifted to its permanent campus the scope of work and requirement of number of manpower was squeezed. As a responsible Institute handling public funds, the Institute had to shed a fraction of outsourced manpower based on requirement and performance review. The performance feedback received from his place of work was very poor, for which his services were discontinued. It may be placed on record here that many of such outsourced manpower engaged in the Institute, at present through the agency, are from local areas and they are continuing due to their hard work and sincere services to the Institute. The Institute never intends to disengage a person who performs and delivers the services to the satisfaction of the administration.
2. Moreover, Shri Sundaray has been accused of forging a recommendation letter under the signature of one of the highly acclaimed and outstanding Professors / Scientists of the Institute, Prof. U C Mohanty of School where he was engaged. This is a serious and grave misconduct by any one engaged in the Institute. (Copy of the forged letter produced by him is enclosed for reference). This reaffirms his lack of integrity and indiscipline for which the Institute might take other course of action.

Handwritten signature

3. I would like to reassure that the Institute is running at a very high standards of transparency and full proof mechanism and our present Director will also not allow any discrimination or illegal punishment meted out to anyone in the Institute.
4. You will be happy to note that as many as 85% to 90% manpower engaged under the Group-D category (MTS, Security Guards, Housekeeping manpower) through outsourced agency are from local areas and majority of them have sacrificed their land for establishment of IIT Bhubaneswar.
5. You may appreciate that the Ministry of Human Resource Development, Govt. of India the nodal Ministry for IIT Bhubaneswar has fixed certain ratio of manpower to be engaged vis-à-vis its student and faculty strength. The Institute cannot violate such norms by exceeding the numbers.
6. Still, in case your esteemed office finds anything wrong in engagement of manpower in the Institute by passing the rules and norms of Govt. of India, may please be brought to our notice for corrections.

Looking forward to your kind and valuable advice and guidance in standardizing the procedure and upholding the values of the Institute of National Importance.

Thanking you.

With warm regards,

Yours sincerely,

Sub: Regarding illegal termination and reappointment at IIT Bhubaneswar.
Ref: Your letter No.18/MPLS/BBSR/VIP/17 dated 16.01.2017.

Dear Sir, Dr. Patasani Ji

The Institute has received the copy of the above referred letter addressed to Hon'ble Minister Shri Prakash Javadekar Ji on dis-engagement of one of the manpower engaged in the Institute through an outsourcing agency. In this regard, I would like to draw your kind attention to the following facts:

1. The Institute, since its inception, has been working from a number of transit campuses and the dream of 100% shifting of operations to the permanent campus could become a reality in the last one year after joining of our present Director, Prof. R V Raja Kumar. Therefore, the excess outsourced manpower engaged earlier was not required after the shifting of the activities to the new campus. As a responsible Institute handling public funds, the Institute had to shed a fraction of outsourced manpower, based on requirement as well as performance indicators. In the case of Mr. Durga Madhab Sundaray, the feedback on performance from the School was poor and not at all conducive to consider his continuation.
2. No one was recruited either in place of these contractual/outsourced staff or any other related posts. Please do not hesitate to mention if you have come across any such name, if so recruited. *I would like to reassure that the Institute is running at very high standards of transparency, integrity and honesty and the operations can stand any scrutiny.*
3. On the present condition of the Institute, you would also appreciate to note that the Institute is going from strength to strength by improving its standards which are also reflected in a sharp rise in our current placement records, which are comparable to any of the senior IITs of the country, now.
4. As you are aware, the Institute has engaged all its Group - D positions including staff of housekeeping and security guards from the local areas and has been quite compassionate in rehabilitating the needy mass but the Institute has its limitations in expanding its territory in engagement of the human resources beyond a particular ratio strictly defined by MHRD, or to overstaff.
